The Department of Veterans Affairs (VA) gives notice under the Federal Advisory Committee Act (5 U.S.C. App.2), that a meeting of the Rehabilitation Research and Development Service Scientific Merit Review Board (hereinafter the Board) will be held on Wednesday, March 9, 2022, via Webex. The meeting will be held between 1:00 - 1:30 p.m. EST. The meeting will be partially closed to the public from 1:10 – 1:30 p.m. EST for the discussion, examination and reference to the research applications and scientific review.

Discussions will involve reference to staff and consultant critiques of research proposals. Discussions will also deal with scientific merit of each proposal and qualifications of personnel conducting the studies, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Additionally, premature disclosure of research information could significantly obstruct implementation of proposed agency action regarding the research proposals. As provided by P.L. 92-463 subsection 10(d), as amended by P.L. 94-409, closing the Board meeting is in accordance with 5 U.S.C. §552b(c) (6) and (9)(B).

The objective of the Board is to provide for the fair and equitable selection of the most meritorious research projects for support by VA research funds and to offer advice for research program officials on program priorities and policies. The ultimate objective of the Board is to ensure that the VA Rehabilitation Research and Development program promotes functional independence and improves the quality of life for impaired and disabled Veterans.

Board members advise the Director, Rehabilitation Research and Development Service and the Chief Research and Development Officer on the scientific and technical merit, the mission relevance, and the protection of human and animal subjects of Rehabilitation Research

and Development proposals. The Board does not consider grants, contracts or other forms of extramural research.
